Good Book Sharing – 6B Liu Man Wai

Summary:

Clay Jenson, a timid high school student, comes home one day to find a package. Unfortunately, it's not from his secret admirer, it's from Hannah Baker, a girl who has just killed herself. The mail contains seven cassette tapes which are about 13 reasons why she chose to end her life.

Comment:

This is an alarming issue that we shouldn't turn a deaf ear to. Each small incident blends into a sense of desperation and hopelessness and eventually cause mental breakdown for somebody. We must think twice before we act. The book is depressing, yet inspiring. Hannah's friends understand the above things after her death. Fortunately, we can just learn and improve ourselves simply by reading the story and without causing any deaths.
