As not all programmes select students on the basis of HKDSE Examination levels / grades alone and the actual levels / grades of the students admitted to each programme may vary from year to year (depending on the overall levels / grades achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and **should not be used to predict the chance of admission** to any programme in subsequent years.

**City University of Hong Kong
2017 JUPAS Admissions Scores**

For applicants who have fulfilled the minimum entrance requirements, admission scores are calculated for selection purposes.

The information contained here is based on the admission scores (with weightings applied where appropriate) of offered applicants in the JUPAS main round admission exercise. Students admitted through special admission routes (other experiences and achievements in competitions/activities, school principal's nominations, sports talents, disabled applicants and Home Affairs Bureau Multi-Faceted Excellence Scholarship) are not included.

Students are reminded that because of the different weightings adopted, the admission scores are not comparable across programmes and different admission years. The sample cases are for reference only and should not be used to predict the chance of admission. The selection criteria vary each year, and many types of scores are used in the selection process. In addition to public examination results, other factors (such as band choices, interview performance, etc.) may also be considered.

|---|-----|----|---|---|---|---|---|
| Level | 5** | 5* | 5 | 4 | 3 | 2 | 1 |

| Category C Other Language Subjects | | | | | |
|------------------------------------|---|---|---|---|---|
| Grade | A | B | C | D | E |
| Score | 5 | 4 | 3 | 2 | 1 |

Remarks: Category B Applied Learning subjects are not considered in the score calculations.

If students take both M1 and M2, they are counted as one subject only.

For programmes with less than 15 offers, only one 'median' sample case and one 'lower quartile' sample case are presented.

Admissions Scores of JUPAS Entrants

The information contained here is based on the subject results achieved by the applicants at the

- a. study programme's mean of summation scores of 4 HKDSE core subjects plus 1 best elective subject (category A subjects) obtained by applicants admitted to respective study programmes in JUPAS Main Round; and
- b. median position (in the middle); and
- c. lower quartile position (3/4 way down)

of the JUPAS Main Round offer ranking list of each programme.

As not all programmes select students on the basis of HKDSE results alone and the actual results of the students admitted to each programme may vary from year to year (depending on the overall results achieved by applicants in a particular year, the number of applicants applying to the programme, changes in selection criteria, etc.), information in this section is for reference only, and should not be used to predict the chance of admission to any programme in subsequent years.

The Education University of Hong Kong 2017 JUPAS Admissions Scores

Selection Criteria

We adopt a holistic approach in the assessment of applicants' suitability for teacher education and other complementary discipline programmes. In selecting students for our full-time undergraduate and higher diploma programmes, we take into account their public examination results, band choices, non-academic achievements, school principal's recommendations and interview performance etc. For entry to the specific programmes like Chinese, English, Mathematics, Music, Physical Education and Visual Arts, applicants have to demonstrate a required level of competence in the subject area.

Students nominated under the JUPAS School Principal's Nominations Scheme (SPN) and the University's Undergraduate Programme Nominations Scheme will be considered favourably with good school reference reports and interview performance.

HKDSE Admission Scores

The HKDSE admission scores are the sum total of the level/grade values of the best five HKDSE subjects, regardless of they are core or elective subjects.

Subject levels/grades are converted into numeric values according to the following scoring system:

| Category A : Senior Secondary Subjects | | | | | | | |
|--|-----|----|---|---|---|---|---|
| Level | 5** | 5* | 5 | 4 | 3 | 2 | 1 |
| Score | 7 | 6 | 5 | 4 | 3 | 2 | 1 |

| Category B : Applied Learning Subjects* | | | | |
|---|--------------------------------|--|--|----------|
| Result | Attained with Distinction (II) | | Attained with Distinction / Attained with Distinction (I) | Attained |
| Score | 4 | | 3 | 0 |

* excluding DSE Applied Learning Chinese (for NCS students)

| Category C : Other Language Subjects | | | | | | |
|--------------------------------------|---|---|---|---|---|--------|
| Grade | A | B | C | D | E | Others |
| Score | 7 | 6 | 5 | 4 | 3 | 0 |

It is important to note that the admission scores announced here are for reference only. The examination results and admission interview results of students admitted to each programme vary from year to year and should not be used to predict the chance of admission in future years.

The information provided here is the HKDSE examination results of offered applicants in the JUPAS main round. Students admitted through non-academic achievements schemes are excluded. Please note that the figures provided below are for reference only since the HKDSE results of students admitted to each programme vary from year to year. Explanatory Notes on the Calculation of Average HKDSE Scores

- Starting from 2017-18, **one** of the following mechanisms is adopted for calculating the average HKDSE scores for Bachelor's Degree programmes:
 - o **Any Best 5 Subjects:** The "best" 5 HKDSE subjects will be taken into account.
 - o **Chinese & English Languages + Any Best 3 Subjects:** Chinese Language and English Language, plus any 3 "best" subjects will be taken into account.
 - o **Any Best 6 Subjects:** The "best" 6 HKDSE subjects will be taken into account.
 - o **4 Core + Best 2 Elective Subjects:** The 4 core subjects including Chinese Language, English Language, Mathematics and Liberal Studies, plus 2 "best" elective subjects will be taken into account.
- For Higher Diploma programmes, the **Chinese & English Languages + Any Best 3 Subjects** mechanism is used. The average HKDSE score point total of admittees is calculated based on their results in Chinese, English and 3 other subjects which have the best results.

When calculating the average HKDSE scores, subject weighting is not applied and HKDSE level attainments are converted to level points as follows:

- o Core and Elective Subjects
5** = 7, 5* = 6, 5 = 5, 4 = 4, 3 = 3, 2 = 2, 1 = 1 and Unclassified = 0
- o Applied Learning Subjects:
Attained with Distinction (accepted as Level 3 at HKDSE) = 3,
Attained = 0 (applicable to Bachelor's Degree programmes only),
Attained (accepted as Level 2 at HKDSE) = 2 (applicable to Higher Diploma programmes only)
- o Other Languages:
A = 5, B = 4, C = 3, D = 2, E = 1, Others = 0
