CityU EE Summer Taster Programme 2019  
for Secondary School Students

# Remote Controlled Paraglider

10 July to 7 August 2019  
9:30am – 4:30pm (Mon–Fri)

## 3 Options

Full programme covering hardware and software development

• Batch 1: 10 July – 7 Aug

Beginner programme covering software development only

• Batch 2A: 17 – 25 July & 7 Aug

• Batch 2B: 29 July – 7 Aug

Target Students: S4 – S5

- Enrolled in Science, ICT, Physics, or M1/M2 subjects
- Have a strong interest in STEM
- Outgoing and confident in communicating with new acquaintances in a multi-cultural learning environment

Features:

Through hands-on exercises in groups, students will learn basic knowledge on smart electronic system design—circuit design, microcontroller programming and interfacing, and APP design.

On a combination of lecture-laboratory basis, workshops will be run in parallel with an international summer programme, which accommodates 70 exchange undergraduates from France, Czech Republic, Taiwan and Korea.

Course Fee: Free (\$1000 caution money by cheque)

How to apply: Nomination by school

Registration: <http://go.cityu.hk/j43cwk>
