Dear S.6 student,

Invitation to JUPAS Program Consultation 2021 [HKUST School of Science]

This year has been uneasy for S.6 students – who do not only need to adapt to online learning, but also struggle to prepare themselves for university admissions, with limited opportunities to meet the university’s faculty members. In view of the students’ needs, the School of Science at The Hong Kong University of Science and Technology (HKUST) is going to conduct a series of online JUPAS program consultation sessions in early July. We would like to take the opportunity to invite you to join this program so that you will have valuable opportunities to get advice on admissions via interactive alumni sharing and consultation sessions with HKUST’s Science Professors, our renowned alumni and current UG students and so on.
