### Discipline, Guidance and Civic Education

The school has always laid great emphasis on fostering moral values and personality development on the part of students. This year, focus was placed on helping students to develop a purpose-driven attitude, fostering students' resilience and enhancing students' self-discipline. A wide range of programs were held by the committees concerned accordingly.

Other programs like the BBS Scheme, Mental Health Ambassador Scheme, Project of Healthy Teenager, talk on sex education, workshops on time management, workshops on stress management and various preventive mass programs were held to facilitate students' personality growth, foster proper moral values and help them deal with challenges proactively.

Under the pandemic, online talks, workshops, consultations by universities, and participation in university summer programs were promoted by the Careers Committee to help students acquire a much deeper self-understanding and facilitate their goal setting and career mapping.
